Call To Action: A Pray-in For the Climate

We are facing a Climate Cliff, and we are calling upon religious and spiritual leaders, other believers and all people of good will to join us to address its danger by participating in "A Pray-in for the Climate" in front of the White House on Tuesday, January 15, 2013.

Super-storm Sandy, the drastic droughts in our corn country, record-breaking Arctic ice melt, and unheard-of floods in Vermont, let alone disasters in Australia, Russia, Pakistan and Africa, all warn us: the disruption of our planet will not wait for our "normal" political paralysis to end.

We are inspired by the words of Dr. Martin Luther King, Jr., whose 84th birthday we celebrate on January 15th:

"We are confronted with the fierce urgency of now.... Over the bleached bones and jumbled residues of numerous civilizations are written the pathetic words: 'Too late'."
